*Environmental Protection Act 1994*

## Waste Storage / Treatment / Disposal

*Environmental Protection (Waste Management) Regulation 2000*

### Application for Approval to Remove, Collect, Transport, Store, Treat or Dispose of Waste

Contact Council if you have any specific enquiries regarding fees or how to complete this form. Type or print clearly and select boxes where applicable. Enter "n/a" if the question does not apply.

#### Application is for

Application for Solid Waste Fee \_\_\_\_\_  
 Application for Liquid Waste Fee \_\_\_\_\_

#### Applicant/s details

Title Mr  Mrs  Ms  Miss  Other (specify)

Family name

Given names

Title Mr  Mrs  Ms  Miss  Other (specify)

Family name

Given names

#### Contact details

Contact person

Postal address (business / private)

Locality / Suburb

State

Postcode

Contact ph.

Contact fax

Mobile

Email

\_\_\_\_\_

#### Business details

Business name

BN

Company name

ACN / ARBN

Address of business

Locality / Suburb

State

Postcode

Location where vehicles, bins and equipment are to be cleaned

\_\_\_\_\_

What zone is this premises in?

\_\_\_\_\_

Location where vehicles and equipment are to be stored (depot)

\_\_\_\_\_

Business name must be registered with the Office of Fair Trading. If a company, insert company name and ACN / ARBN.

(Eg. commercial, industrial)

(Eg. commercial, industrial)

What zone is the depot in?

Particulars of work to be undertaken

Please select applicable box/es.

### Type of waste

- a)  Domestic waste
- b)  Domestic clean up waste
- c)  Garden waste
- d)  Commercial waste
- e)  Construction or demolition waste
- f)  Recyclable biodegradable waste
- g)  Recyclable waste
- h)  Regulated waste (including medical and related wastes – see Item B for a list of regulated wastes)
- i)  Industrial waste (NB. only select these boxes if the industrial waste collected is NOT classified as "Regulated Waste")
  - (i)  Dry
  - (ii)  Liquescent
  - (iii)  Hazardous
  - (iv)  Objectionable
  - (v)  Putrescible

All applicants must complete Item A.

### Item A

Particulars of vehicles intended as at the date of this application to be used for transport of waste in the next 12 months

Particulars	Vehicle 1	Vehicle 2	Vehicle 3	Vehicle 4
Type of waste to be conveyed				
Fleet no.				
Vehicle make				
Body type				
Truck, tanker, or trailer unit model				
Tare (tonnes)				
Aggregate tonnes				
Vehicle reg. no.				
Compactor unit model				
Machinery inspection no.				
Expiry date				
Carrying capacity				
CC as applied for				
Vehicle depot location				
Vehicle service location				
Other detail				

Item B must be completed if you selected (h) Regulated Waste.

### Item B

Please select from the following list the regulated wastes that you shall be collecting, Schedule 8 – Regulated Wastes (Part A, B and C from *Environmental Protection Regulation 1998*)

#### Part A

- Bacterial sludge (septic tank and sewage)
- Fly ash
- Materials or equipment contaminated with infectious materials
- Infectious materials
- Nightsoil

#### Part B – Medical and related wastes

Medical and related wastes may include

- Infectious materials
- Sharps
- Cytotoxic waste
- Laboratory chemicals
- Pharmaceutical substances
- Radioactive materials

Please select which of these medical and related wastes that you collect. For further clarification on medical and related wastes, please refer to Council.

## Part C

- |                          |   |                          |  |
|--------------------------|---|--------------------------|--|
| <input type="checkbox"/> | Abattoir effluent   | <input type="checkbox"/> | Acids and acid solutions   |
| <input type="checkbox"/> | Adhesives (other than solid inert polymeric materials)          | <input type="checkbox"/> | Alkalis and alkaline solutions   |
| <input type="checkbox"/> | Antimony  | <input type="checkbox"/> | Arsenic  |
| <input type="checkbox"/> | Asbestos (all chemical forms)                                   | <input type="checkbox"/> | Azides   |
| <input type="checkbox"/> | Barium  | <input type="checkbox"/> | Batteries  |
| <input type="checkbox"/> | Beryllium   | <input type="checkbox"/> | Biocides   |
| <input type="checkbox"/> | Boiler breakdown sludge   | <input type="checkbox"/> | Boron  |
| <input type="checkbox"/> | Cadmium   | <input type="checkbox"/> | Caustic solutions  |
| <input type="checkbox"/> | Chromium  | <input type="checkbox"/> | Contaminated soils   |
| <input type="checkbox"/> | Copper compounds  | <input type="checkbox"/> | Cytotoxic wastes   |
| <input type="checkbox"/> | Detergents  | <input type="checkbox"/> | Distillations residues   |
| <input type="checkbox"/> | Dyes  | <input type="checkbox"/> | Electroplating effluent and residues   |
| <input type="checkbox"/> | Filter backwash waters  | <input type="checkbox"/> | Filter cake sludges and residues   |
| <input type="checkbox"/> | Fish processing waste   | <input type="checkbox"/> | Food processing waste  |
| <input type="checkbox"/> | Grease interceptor trap effluent and residues                   | <input type="checkbox"/> | Halogen compounds (other than solid inert polymeric material)  |
| <input type="checkbox"/> | Heat treatment salts  | <input type="checkbox"/> | Heterocyclic organic compounds containing oxygen, nitrogen or sulphur  |
| <input type="checkbox"/> | Hydrocarbons (oxygen, nitrogen or sulphur)                      | <input type="checkbox"/> | Industrial plant wash down waters  |
| <input type="checkbox"/> | Inks  | <input type="checkbox"/> | Inorganic cyanides and cyanides complexes  |
| <input type="checkbox"/> | Inorganic sulphur compounds                                     | <input type="checkbox"/> | Isocyanate compounds (other than solid inert polymeric materials)  |
| <input type="checkbox"/> | Laboratory chemicals  | <input type="checkbox"/> | Lead   |
| <input type="checkbox"/> | Lime neutralised sludges  | <input type="checkbox"/> | Lime sludges   |
| <input type="checkbox"/> | Mercaptans  | <input type="checkbox"/> | Mercury and anything containing mercury  |
| <input type="checkbox"/> | Meat finishing effluent and residues                            | <input type="checkbox"/> | Methacrylate compounds (other than solid inert polymeric materials)  |
| <input type="checkbox"/> | Nickel  | <input type="checkbox"/> | Oil interceptor sludges  |
| <input type="checkbox"/> | Oil and water emulsions and mixtures                            | <input type="checkbox"/> | Oils   |
| <input type="checkbox"/> | Organic solvents  | <input type="checkbox"/> | Oxidising agents   |
| <input type="checkbox"/> | Ozone depleting substances                                      | <input type="checkbox"/> | Paint sludges and residues   |
| <input type="checkbox"/> | Perchlorates  | <input type="checkbox"/> | Pesticides   |
| <input type="checkbox"/> | Petroleum tank sludges  | <input type="checkbox"/> | Pharmaceutical substances  |
| <input type="checkbox"/> | Phenolic compounds (other than solid inert polymeric materials) | <input type="checkbox"/> | Phosphorous  |
| <input type="checkbox"/> | Pickling liquors  | <input type="checkbox"/> | Polychlorinated biphenyls and related substances and anything containing polychlorinated biphenyls or related substances |
| <input type="checkbox"/> | Polymeric lattices  | <input type="checkbox"/> | Poultry processing wastes  |
| <input type="checkbox"/> | Reactive chemicals  | <input type="checkbox"/> | Reducing agents  |
| <input type="checkbox"/> | Resins (other than solid inert polymeric materials)             | <input type="checkbox"/> | Saline effluent and residues   |
| <input type="checkbox"/> | Selenium  | <input type="checkbox"/> | Silver compounds   |
| <input type="checkbox"/> | Solvent recovery residues                                       | <input type="checkbox"/> | Surfactants  |
| <input type="checkbox"/> | Tallow  | <input type="checkbox"/> | Tannery effluent and residues  |
| <input type="checkbox"/> | Tars and tarry substances                                       | <input type="checkbox"/> | Tellurium  |
| <input type="checkbox"/> | Textile effluent and residues                                   | <input type="checkbox"/> | Thallium   |
| <input type="checkbox"/> | Timber preservative effluent and residues                       | <input type="checkbox"/> | Treatment tank sludges and residues (other than sewage and septic tank sludges and residues)                             |
| <input type="checkbox"/> | Tyres   | <input type="checkbox"/> | Vanadium   |
| <input type="checkbox"/> | Vegetable oils  | <input type="checkbox"/> | Vehicle wash down waters   |
| <input type="checkbox"/> | Wool scouring effluent and residues                             | <input type="checkbox"/> | Zinc compounds   |

For each regulated waste that you have selected, please list the name and address of the disposal point where the waste is to be taken for treatment or disposal. If you do not convey the waste to its disposal point, then please advise who does.

## Part D – Waste disposal facilities

---

---

---

---

Please complete Item C if you selected (i) Industrial waste.  
(NB. only industrial wastes which are NOT classified as “Regulated Wastes” should be listed)

### Item C

Please supply details below if you selected any of the following from (i) industrial waste

- |  |   |
|--|---|
| <input type="checkbox"/> Liquescent industrial waste | <input type="checkbox"/> Putrescible industrial waste   |
| <input type="checkbox"/> Hazardous industrial waste  | <input type="checkbox"/> Objectionable industrial waste |

Supply details for each category of waste

---

---

Please complete Item D if you selected (e) construction or demolition waste.

### Item D

Do you mix other types of waste with your construction or demolition waste?  No  Yes

Do you take all of your construction or demolition waste to Council landfills?  No  Yes

If no, where do you take these wastes?

---

---

Does this site(s) you nominated above have approval from Council for the disposal of construction or demolition waste?

No  Yes  If yes, what is the date of the approval and the file no. of the letter of the approval?

Date of approval  /  /  File no. on approval letter \_\_\_\_\_

NB. If you use several different private sites for disposal of your construction or demolition wastes you will have to provide the above information for all these sites during the next twelve (12) months (i.e. of the life of your licence), you must advise Council of the date of approval and the file no. of the approval letter. This is to ensure that illegal dumping does not occur and that only approved sites are utilised.

### Note

- All new Waste Licence Applications require approval from the Environmental Protection Agency for their vehicles, bins and equipment before the Council licence can be issued.
- An inspection of all depots and vehicles will be carried out prior to the issue of any waste licence.
- Applicants for “Regulated Wastes” must also apply to the Environmental Protection Agency for an environmental authority under the Environmental Protection Act.

### Declaration and signature

I/We certify that the information contained in this application form, to the best of my knowledge, is true and correct.

Signature	Date <input type="text"/> / <input type="text"/> / <input type="text"/>
Signature	Date <input type="text"/> / <input type="text"/> / <input type="text"/>

### Lodgement

Provide a completed application form, supporting documentation (if required) and appropriate fee to Council – see address at the beginning of the form.

**Please note: This application and fee MUST be lodged with your Council.**

**Office use only**

Application fee		Licence type	No. vehicles	Fees per vehicle	Total fee
Receipt code		Construction and demolition waste			
Reg. no.		Dry industrial waste			
ID no.		Garden waste			
Inspection date		Domestic clean-up waste			
Authorised officer		Floating licence			
Recommendation		Commercial and industrial waste			
Rec. no.		Regulated waste (including grease traps)			
Acct. property no.		Recyclable waste			
Date		Total licence fee payable
