**A (very) small selection of his work:**

**American Gods**

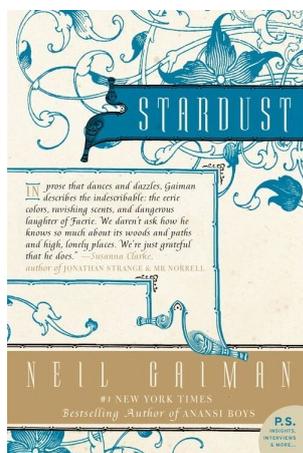

Days before his release from prison, Shadow's wife, Laura, dies in a mysterious car crash. Numbly, he makes his way back home. On the plane, he encounters the enigmatic Mr Wednesday, who claims to be a refugee from a distant war, a former god and the king of America.

Together they embark on a profoundly strange journey across the heart of the USA, whilst all around them a storm of preternatural and epic proportions threatens to break.

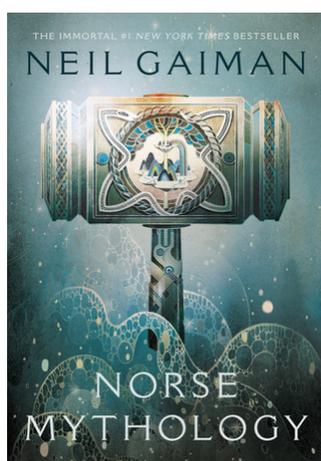

**Coraline**

The day after they moved in, Coraline went exploring.... In Coraline's family's new flat are twenty-one windows and fourteen doors. Thirteen of the doors open and close. The fourteenth is locked, and on the other side is only a brick wall, until the day Coraline unlocks the door to find a passage to another flat in another house just like her own. Only it's different.

**Stardust**

Life moves at a leisurely pace in the tiny town of Wall—named after the imposing stone barrier which separates the town from a grassy meadow. Here, young Tristran Thorn has lost his heart to the beautiful Victoria Forester and for the coveted prize of her hand, Tristran vows to retrieve a fallen star and deliver it to his beloved. It is an oath that sends him over the ancient wall and into a world that is dangerous and strange beyond imagining...

**Norse Mythology**

In *Norse Mythology*, Gaiman stays true to the myths in envisioning the major Norse pantheon: Odin, the highest of the high, wise, daring, and cunning; Thor, Odin's son, incredibly strong yet not the wisest of gods; and Loki—son of a giant—blood brother to Odin and a trickster and unsurpassable manipulator.
