## BOOK YOUR NEXT EVENT AT A HERITAGE LISTED BUILDING

Welcome and thank you for considering the Goondiwindi Cinema and Theatre as the venue for your upcoming event. This information pack has been put together to help you make your event the best it can be.

The Goondiwindi Cinema and Theatre was originally built as a Town Hall/ Civic Centre in 1937. It was used as cinema from around 1950 until 1978 and received intermittent use since then.

In 1993, the Goondiwindi Cinema and Theatre was added to the Queensland Heritage Register. The building is a fine example of the Art Deco style of architecture and exhibits particular aesthetic characteristics valued by the community.

In 1997, the Town Hall was renovated into a cinema and in 2002, the second cinema was built. In 2010, Goondiwindi Regional Council received funding under the National Heritage Act, which enabled Council to refurbish the complex and modernize its facilities while preserving its heritage features.

The cinema converted to digital in 2013 and in May 2015, the cinema reopened, having been restored to its former glory, incorporating a new tiered theatre that would allow the building to be used for live performances as well as movie screenings.

The Cinema and Theatre represents an important part of the town's cultural heritage, providing a venue for entertainment and community events while preserving the architectural and historical significance of this beautiful Art Deco building.
