Note—The above setback distances are to be measured from the top of the high bank of the watercourse.	
AO3.3 Cleared, degraded or disturbed watercourses and watercourse buffers within the development site are rehabilitated in accordance with an approved rehabilitation plan.	
AO3.4 Reconfiguring a lot adjacent to a watercourse provides that:- (a) no new lots directly back onto the riparian area; (b) any new roads are located between the watercourse buffer and proposed lots.

(3) If the chief executive decides not to excuse the noncompliance, the chief executive must give a notice stating that the document is of no effect,

because of the noncompliance, to the person who filed the document.

(4) The chief executive must give the notice within 10 business days after the document is given to the chief executive.

(5) If the chief executive does excuse the noncompliance, the chief executive may act under section 242 as if the noncompliance had not happened.

(3) However, the chief executive may instead decide to end the proceedings if the chief executive considers it is not reasonably practicable to establish another tribunal to hear or re-hear the proceedings.

(4) If the chief executive makes a decision under subsection (1) or (3), the chief executive must give a decision notice about the decision to the parties to the proceedings.

- (4) The tribunal's decision takes the place of the decision appealed against.
- (5) The tribunal's decision starts to have effect—
 - (a) if a party does not appeal the decision—at the end of the appeal period for the decision; or
 - (b) if a party appeals against the decision to the P&E Court—subject to the decision of the court, when the appeal ends.
